Re: Defamatory and/or False Light Invasion of Privacy Content about Debra Crawford, Debra Vaniman Crawford, and/or Debra Crawford Annis and/or Any of Her Businesses

I am informed and believe that the above persons/entities 'Team CA' have been, and continue to be, engaged in defamation per se, and placing 'Debra Crawford' in a false light, and other tortious activities as more fully described below. 'Team CA's' actions must cease immediately and be corrected before 'Debra Crawford' suffers further harm. Further the actions set forth herein and other actions annoy, harass, and disturb the peace of 'Debra Crawford' in violation of two (2) restraining orders to the extent that they are instigated and encouraged by the person against whom the restraining orders are in place. You are also placing this person in danger of further violations of the two (2) restraining orders.

There are numerous other publications that will be included should legal action be  
instituted. Further the actions are continuing and any future publications will also be  
included in any legal action instituted.

It is the belief of 'Debra Crawford' that the publications are a concentrated action  
instituted by Julie Law and Susan Bassi (aka Sue Bee) to "nail" 'Debra Crawford.'  
Further, 'Debra Crawford' believes these actions are tortious, committed with malice  
and/or reckless disregard as to the falsity of the publicized matter, and constitute a  
conspiracy to defame and place 'Debra Crawford' in a false light invasion of privacy  
and other tortious activity. Applicable law provides remedies for such conduct. For  
example, California law provides recovery for defamation involving false statements of  
fact that have a tendency to injure an individual in her occupation. Additionally, a claim  
for false light exists where a publication puts an individual or entity in a false position  
in the public's view. The remedies for violation of a restraining order include fines and a  
jail sentence.

I will not stand by and allow this misconduct to continue. I hereby that demand you  
immediately cease and desist in publishing defamatory statements about my business  
and me, whether the statements are made by you or third parties.

I do not attempt to restrict legitimate free speech, your activities, however, unlawfully  
encroach upon my rights. This letter puts you on notice that should you refuse to  
comply with my demands, I will have no choice but to pursue all legal causes of action,  
including the filing of a lawsuit, to protect my interests. I will pursue both damages  
(including punitive damages) and attorneys' fees and costs which I incur as a result of  
your actions.

This is a very serious matter that requires your immediate attention. I, therefore,  
request that you remove said publications. Please be aware that this letter is  
copyrighted by me, and you are not authorized to publish this in any manner. Use of  
this letter in positing, in full or in part, will subject you to further causes of action.

Very truly yours,

DEBRA VANIMAN CRAWORD
